

REMARKS

By the foregoing amendment to the specification, the Applicants have replaced the Sequence Listing of record with a substitute Sequence Listing. The Applicants request entry of the foregoing amendment to correct the Sequence Listing filed as part of the specification in the above-identified application. Accompanying the paper copy of the substitute Sequence Listing is a computer readable version of the substitute Sequence Listing as well as a "Statement Pursuant to 37 C.F.R. §§ 1.825(a) and (b)." The Applicants submit that no new matter has been added by the substitute Sequence Listing.

The Applicants have corrected the general formatting errors in the sequence listing cited by the Examiner. More specifically, fields <220> - <223> were added as appropriate to further define any unknown or artificial sequences, and the numbering of the amino acids has been corrected.

No fee is believed to be due with the filing of this paper and the enclosed substitute sequence listing. However, the Commissioner is hereby authorized to charge any fee deficiency to our Deposit Account No. 13-2855, under Order No. 27866/34132B. A duplicate copy of this paper is enclosed.
